Summer ESOL 3 Week Session Only

SPANISH LANGUAGE LEVEL 1

Universidad Latina de América

Contact Hrs: 20

Language of Instruction: Spanish

MORELIA, MEXICO

Course Description:

This is an introduction to the fundamentals of Spanish grammar. Since students are learning in context, I designed the course to best suit their “survival” needs. They will leave with the ability to express themselves in four tenses: present, present continuous, simple future and simple past as well as learn a variety of expressions.

Grading Procedures:

Quizzes- I will give 3 written quizzes every Friday. They count for **21%** of your grade.

Oral Presentations- I will give 3 oral assignments that count for **21%** of your grade.

Homework- I will rely on the workbook to reinforce class lessons as well as written homework exercises. This counts for **21%**

Participation- This is a subjective **12%** where I evaluate your class performance. I will look at the following: whether you arrived on time to class, your participation, and your overall attitude.

Final written and oral exam: 25%
